

## GOVERNMENT'S WORK FOR DISABLED MEN IS TRAGIC MISTAKE

This is Report of American Legion's Rehabilitation Commission Made at Their Meeting in New Orleans—Buddies Are Fighting War Over Verbally with Gusto

(By The Associated Press)

NEW ORLEANS, La., Oct. 16.—The American Legion, thru its national commander, Hanford MacNider, affirmed today that the welfare of disabled veterans was its chief interest. The government's handling of the disabled from the time the armistice was signed down to the present was described as one of "tragic mistakes, politics, alibis and blunders," in the report of the legion's rehabilitation commission, and Col. C. R. Forbes, director of the United States Veterans Bureau in a counter statement to newspapermen asserted that the bureau which he heads was "the most perfect large organization in the world," and that implied criticism of it was not justified by facts.

Charles Bertrand, president of the inter-allied veterans federation, and an officer of the French Legion of Honor, bore renewed pledges of fraternity and friendship to the legion from the nations associated with the United States in the world war.

The convention held no sessions during the afternoon and veterans spent the rest of the day and much of the night in impromptu conferences on sidewalks, in hotel lobbies and in the old French quarter of New Orleans.

"The Buddies" were fighting the war over again, verbally tonight with great gusto.

Strains of Mademoiselle from Armenters, drifted thru the music of a dozen bands, army, navy and civilian.

Over the city this afternoon flew great navy planes to prevent open warfare, and had it not been for France, peace would not have been realized."

M. Franklin Bouillion charged that the British general at Constantinople had issued a false communiqué telling of the breakdown of the conference because of the Turkish demand for immediate occupation of Thrace.

"This was all the news that the world had of the Mudania conference for 38 hours and essentially, war existed during that period," said the French envoy.

"When General Harlington heard of this communiqué he was astonished and said he authorized no such communication. It was such things as these which we had to contend with in trying to make

peace in the near east.

Delegates could see the warships from the hall. Various athletics events in which legions from the different state departments took part featured the afternoon's set program and a boxing exhibition drew many veterans tonight.

A flurry was caused at the morning session when George F. Berry of Tennessee, a national vice-commander of the legion asserted in a speech that the action of the United States district attorney here in obtaining an injunction closing several soft drink parlors for the duration of the legion convention was a gratuitous affront to the legion.

Tonight in historic Jackson Square, in the heart of the French quarter, an outdoor fete was held in honor of the veterans. Jackson Square is the spot where, in 1815, Andrew Jackson's forces fought the British and won the battle of New Orleans.

All sorts of regimental mascots including dogs with war records and mules for the occasion were led thru the streets by cheering veterans.

The fun was good natured and the announced program of law enforcement by the police was being carried out, it was declared at police headquarters and receiving support and cooperation from the legionnaires.

### STAND OF PREMIER LLOYD GEORGE HAS ENGLAND BY EARS

Political Pot Seething Thru-  
out Empire on Coalition  
Policy

By Associated Press  
LONDON, Oct. 16.—This has been a day of feverish activity in Downing street, the chief development being a summons to the Unionist members of the cabinet and 350 Unionist members of the house of commons to a conference October 19 to decide whether to break up the coalition or stand by Premier Lloyd George.

The decision to call this meeting was taken at Austen Chamberlain's home, after consultation of Mr. Chamberlain with his Unionist colleagues and the chief party organizers, among them Sir George Younger, who it is recd. "scotched" the premier's general election plan a few months ago on the ground that the party machinery was not ready.

Mr. Chamberlain as party leader will preside at the meeting, the result of which the prime minister will await before deciding on his line of action. Mr. Chamberlain will ask for a vote of confidence and on this will depend his remaining in office and the ensuing general election. If accfd., it will be left for the premier to indicate his course, which in any case will not be divulged until after he attends the Prince of Wales' public welcome home October 20.

The participation of Winston Churchill, the colonial secretary in the campaign has been suddenly cut short by an attack of Costisitis. Prior to Mr. Chamberlain's consultation the premier held a "war council" with the members of his cabinet including Mr. Chamberlain, after which he departed for Chequers court.

**Ominous Rumblings Hard**

Ominous rumblings are heard from labor quarters one prominent party official being reported to have declared that no fewer than 420 labor candidates would appear in the next election of whom sufficient would be returned to make it most difficult for any government to resist them.

J. H. Thomas, speaking at a Newport, delivered a scathing indictment of the government which he said had lost all prestige and honor. He predicted an election before Christmas and roundly condemned Mr. Chamberlain's suggestion of other parties combining against labor as depriving labor of the right to vote and foreclosing the men to direct action.

Sir Walter Runciman at a Liberal meeting at Portsmouth made another onslaught against the government which he declared was vacillating in its foreign policy and inefficient in finance.

Lord Gladstone, replying to

Premier Lloyd George's attack on him in his Manchester speech writes to the Times charging the premier with responsibility for menacing recrudescence of Turkish aggression against the Christian population and Europe it- self.

The fun was good natured and the announced program of law enforcement by the police was being carried out, it was declared at police headquarters and receiving support and cooperation from the legionnaires.

The Snow girl was forced to lay on the floor of a country school near Herrick for many hours too weak to be removed to a Springfield hospital. ### WAR PREVENTED BY FRANCE IN THE NEAR EAST

### M. BOUILLON, ENVOY, MAKES STATEMENT TO NEWSPAPERMAN

(By The Associated Press)

PARIS, Oct. 16.—It was the Pacific policy of France combined with the sincere desire of Mustapha Kemal Pasha to avoid war and not the British display of force which prevented war in the Near East, a war which would soon have assumed the proportion of the great world conflict, M. Franklin Bouillon, special French envoy at the Mudania conference told nearly a hundred newspapermen of 15 nations who gathered at the foreign office tonight to call this meeting.

Five thousand delegates and members are in Springfield to-night for the triple convention by the three branches of the legions. Business meetings will begin to-morrow.

The principal elective offices to be filled are those of Grand Ju- nior warden in the Grand lodge and warden in the Rebekah as- sembly.

A three cornered race for war- den has developed in the Rebekahs in which the downstate dele-

gates are said to be lined up against the Chicago delegates.

Mrs. Fern Webster of Chicago,

Mrs. Neal of Willow Hill,

and Mrs. Elizabeth Ginter of Joliet are the three candidates most prominently mentioned.

Frank A. Lind of Rockford has announced his candidacy as grand junior warden. It is under-

stood there will be three or four other candidates for this position.

Legislative matters, including

a proposal to expend \$100,000 on

new buildings at the Odd Fellows' old folks home at Mattoon are to come up tomorrow.

**THINK HUSBAND  
WAS HOODWINKED**

(By The Associated Press)

CHICAGO, Oct. 16.—Frank Mc- Nally, 55, Hammond, Ind., who to day caused the arrest at South Bend, Ind., of his young wife, Hazel, on a charge of having killed their twin babies, born last Decem- ber, probably had been hoodwinked by his wife, in Hammond police who investigated the charge declared tonight.

Mrs. McNally who is arraigned in city court tomorrow on the charge refused to discuss the case.

McNally lived in the same house with his wife directly preceding his government had taken steps before Mr. Hughes' note was re-

ceived to prevent the practices as

to registry issuance and clear-

ance papers to which attention

had been drawn.

These steps had been sup-

plemented since then, he added

and the British government

hoped that the measures taken

will prove successful in prevent-

ing any breaches in the local

law.

With relation to the proposed

treaty he said:

"His majesty's government

has consistently opposed any ex-

ension of the limit of territorial

waters such as that now suggest-

ed. They feel that the outbreak

of smuggling which has led to the

prosperity cannot be regarded as

a permanent condition but as one

which will no doubt be suppressed

by the United States authorities

within the no distant future.

"While therefore they are de-

sirous of assisting the United

States government to the best of

their ability in the suppression of

the traffic and in the prevention

of the abuse of the British flag by

those engaged in it they do not

feel that they can properly ac-

quiesce, or to meet the temporary

emergency in the abandonment

of a principle to which they

attach great importance.

"The American note pointed

out that British territories appar-

ently are made bases of opera-

tions in flagrant violation of consti-

tutional and statutory provisions of

the United States."

Residents of Auburn spent some

time in picking up the money and

tonight \$2,000 was reported miss-

ing. \$15,000 in another package

was intact when found by search-

ers.

The money in \$5 bills was placed

in a mail sack and suspended

from a mail crane. For some un-

known reason the mechanism of

the crane failed to work as the

## A THOUGHT

Ye, the Lord shall give that which is good.—Psalms 85:12.

So long as God has anything for us to do in the world he will take care of us and deliver us from danger. We may lay aside anxiety and fear. Be sure that nothing can harm you while you are with him.—Henry Van Dyke.

Farm values have sagged very considerably in the last year, but the indications are now that the pendulum is swinging back. Corn prices are nearly double the low figure of the fall of 1921 and other unmistakable signs of improved farm conditions are visible.

Secretary Davis caused something of a sensation by his public declaration that the railroad wage board should be abolished. It is true that various controversies have been taken to the board for solution which should be settled by the railroad managers, and the calendar of the board is thus congested. It is true also that the law needs strengthening. But the secretary's intimation that the board has failed is not warranted by the record.

It will be interesting to note

MRS. WM. SHAW DIED  
AT WINCHESTER SUNDAY

Family Was Soon to Move to Peoria—Miss Blair Weds Ira Kirkpatrick—Prides Awarded to Livestock Show.

Mrs. William Shaw passed away Sunday evening at 7 o'clock at the home of Mr. and Mrs. John Shaw, south of Winchester, where she had been a guest for several days. She was taken suddenly ill and death came as great shock to relatives and friends. The family had recently removed to Peoria, where Mr. Shaw is now employed, and Mrs. Shaw had been spending a few days with relatives before leaving for the new home.

The maiden name of the deceased was Lillie Killiebrew and she was a daughter of the late Mr. and Mrs. Lawrence Killiebrew. Mrs. Shaw was thirty-nine years of age at the time of her death, and had spent all of her life in Scott County.

Surviving are the husband, one daughter and one son. There are also two sisters, Mrs. J. P. McLaughlin of Cerro Gordo; and Mrs. Bert Smith of Winchester, and three brothers, E. L. Killiebrew of Bowen, Colo., W. O. Killiebrew and T. F. Killiebrew of Glasgow.

The members of the family have the sympathy of their many friends in their sudden bereavement. The funeral will be held from the Christian church at 2 o'clock Tuesday afternoon.

Kirkpatrick-Blair Nuptials

Ira Kirkpatrick, son of Mr. and Mrs. Milton Ruble and daughter, Miss Josephine Kirkpatrick, and Miss Ruby Blair, daughter of Mrs. Lenore Crabtree, were married at 4 o'clock Sunday afternoon at the home of Mr. and Mrs. Crabtree, Rev. W. R. Johnson officiating.

Nearly 40 relatives were present to witness the ceremony following which hearty congratulations were extended and refreshments were served. The young people expect to make their home for a time with Mr. and Mrs. Crabtree, later going to housekeeping. Both belong to well known families of the community and their friends unite in wishing them a happy wedded life. Mr. and Mrs. Kirkpatrick received a number of very acceptable gifts, attesting the esteem in which they are held by their friends.

Livestock Show

The boys belonging to the Winchester community pig club closed the first year's work by holding a show and sale of their pigs Friday at the livestock show. The pigs were of excellent quality and won the approval of the large crowd that attended on both days. Mr. Knox of the University of Illinois judged the pigs in an able manner and Mr. Carl Colvin, who is state supervisor of agricultural education, presented the ribbons

to the boys. The names of the winners are given below:

Sappington and Col. J. D. Lawless of Winchester. These men, together with W. L. Bagshaw, who clerked the sale, donated their services and greatly aided in making the sale a success. The sale totaled \$1,201.50, the average price being \$26.12 per head.

E. L. Dillon, teacher of agriculture, deserved a great deal of credit for his interest in the work of the boys, all of whom have made a fine showing. The pig club members feel greatly encouraged by the interest shown by the large number of Scott County people and others who attended the show.

**ARMISTICE DAY  
PLANS ARE MADE**

Junior Council of Military Organizations Met at Legion Hall Monday Evening—Committees Are Appointed

Now you get two things in Quaker Oats which no other oats can offer. You get a flavor which has won the world. All Quaker Oats are flaked from queen grains only—just the rich, plump, flavorful oats.

And now there is *Instant Quaker*—the quickest-cooking oats in the world. It cooks in 3 to 5 minutes.

Made from the same queen grains, but the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small thin flakes cook quickly.

In either style you get the finest flavor an oat dish ever had. In *Instant* you get quick cooking. Tell your grocer which style you prefer.

Any other organization will be

welcomed at the meeting next Tuesday night.

The committees appointed are as follows:

**MME. COLARD DELIGHTS  
AUDIENCE IN RECITAL**

Gave First Recital at Illinois College Monday Evening—Program Given In Artistic Manner

The passing years bring many new comers to all college communities. Year by year these new comers who possess gifts that bring them before the public as platform interpreters are quickly recognized and readily become a conspicuous part of the community they serve.

Never has this particular college community given a more enthusiastic reception to a new comer than was accorded to Mme. Colard last night as she appeared on the college platform for the first time.

Mme. Colard has appeared in various places in the city unofficially and has won for herself scores of admirers, who came last evening to welcome her in her first recital.

The catholicity of her taste was evidenced by the program, which has already been published in the local papers. The promised treat set forth in the program was more than fulfilled in last night's performance. From the time Mme. Colard opened her program with the old Italian number, so beautifully sung, until the last note of her second encore died away the audience became more and more her own.

Mme. Colard's work is particularly marked by a sweetness and clearness in the pianissimo passages, by her keen sense of rhythm and by a sympathy that shows throughout her charming interpretations.

The audience which taxed the capacity of Music Hall evidenced its appreciation of prolonged applause. Mme. Colard graciously responded with two extra numbers, repeating "The Vain Suit" by Brahms and adding at the end of the program, "The Years at the Spring," by Mrs. Beach.

Jacksonville again has reason to rejoice in the opportunity of claiming as her own, for a time at least, this charming singer.

Miss Oiga Sapiro at the piano gave exactly the right support in her charming accompaniments so full of toneness with the singer's interpretations.

WAITING FOR PIPE  
FOR DEEP WELL

Drilling Cannot Begin Until Pipe Is Received—Many Citizens Subscribe to Fund to Sink Test Well.

The car of pipe ordered for the deep well to be sunk on the Cleary farm northeast of Jacksonville has not yet been received. Frank Byrns, who is the trustee for the group of citizens financing this well drilling operation, said yesterday that drilling will begin as soon as the pipe is received. The drilling rig is already on the ground and the intention is to proceed just as rapidly as possible.

Messrs. Rhodes & Moorehead will have direct charge of the work on behalf of the subscribers. In accordance with the agreement made, the money which local men have subscribed to the fund will be spent for labor and materials. If the drilling results in a dry hole the pipe will be sold. If it is found in paying quantities then the subscribers to the fund will determine upon future drilling operations. In arranging for the sinking of this well, Messrs. Rhodes & Moorehead assigned leases on 180 acres of land to the subscribers.

The list of persons or firms who have subscribed to the fund is as follows. It is possible that some other subscriptions may be received.

FARM CONDITIONS  
GROWING BETTER

Price Offered For Corn Nearly  
Double That Effective One Year  
Ago—Wheat Prices Moving-Upward.

While farm conditions are not all that farmers can ask, substantial improvement is noted when comparison is made of present prices with those of a year ago. This is particularly true of corn. One year ago elevators were offering from 28 to 30 cents per bushel of corn, that price being as high as justified by market conditions.

Yesterday, according to a statement made by F. J. Blackburn of the Blackburn Grain Co., new corn is selling at 53 cents and old corn at 62 cents. Present prices, therefore, for corn are almost double those that prevailed at the same time in 1921.

Like changes have not taken place in the price of wheat but decided improvement is noted by comparison with the prices of a month or two since. Now elevators are justified in paying \$1 for wheat, which means that in about six weeks' time the market has advanced from 12 to 14 cents.

Some wheat was sold as low as 85 cents. Many farmers who could not sell their wheat at \$1 placed it in storage either in their own granary or hauled it to the elevator for storage purposes. The fact that the market has

again touched \$1 has resulted in the release of a considerable amount of this wheat and elevators are again doing an active business.

Prices for hogs and some grades of cattle continue satisfactory and the indications are that the affairs of the farmers are gradually being straightened out. The particular grievance that the farmer has had, and in which he has been entirely justified, was that he was compelled to sell his own products at pre-war prices, but was not able to buy necessary commodities, not produced on the farm on the same levels. In other words, the farmer's dollar would not buy 100 cents' worth of other products.

Wants to Tell  
Everybody of  
Her Big Gain

"My weight dropped down from one hundred and fifty pounds to one hundred and fifteen and I had a horrible fear that I might go below the hundred noted. My clothes were so much too large for me that I had to buy new ones. And poor health and loss of weight and strength kept trailing me until I started taking Tanlac."

The above statement was made recently by Mrs. Maggie M. Hayes, 3650 Grand Boulevard, Chicago. Mrs. Hayes further said:

"I am now convinced that good health and Tanlac go hand in hand, for the results I got from it were no less than wonderful. I have taken eight bottles and my weight has increased to one hundred and sixty pounds, which is just right for my height and build."

"Loss of appetite, stomach trouble and indigestion had almost made a nervous and physical wreck out of me. But I am now enjoying excellent health. I have had nearly a hundred people try Tanlac on account of my praise and they constantly tell me how it benefited them. I wish I had a way to tell everybody about this grand medicine."

### FOUR BALLOTS IN COMING ELECTION

In Addition to Selecting Officers  
Voters Will Express Views on the Question of Public Policy.

There will be four ballots for the consideration of the voters in the election which will be held Tuesday, November 7. In addition to choosing state, district and county officers, the Morgan county voters will express their views on three special questions.

One ballot relates to modification of state and federal liquor laws. Another presents the matter of soldiers' compensation. It has been proposed that Illinois issue bonds to the amount of \$55,000,000 to provide compensation payment.

The third public ballot relates to the Morgan county tuberculosis sanitarium fund. Voters will express their views for or against a tax of one mill on each dollar of assessment in addition to the rate now provided by law, for county purposes. If such a tax is authorized for the purpose of maintaining the sanitarium, the tax will remain effective for the years from 1923 to 1927, inclusive. This would mean a tax of 50 cents on each \$100 valuation.

The language of the liquor proposal is as follows:

"Shall the existing state and federal prohibitory laws be modified so as to permit the manufacture, sale and transportation of beer (containing less than 4 per cent by volume of alcohol) and light wines for home consumption?"

The soldiers' compensation question will be submitted in the following form:

"Shall the State of Illinois contract a debt of \$55,000,000 and issue bonds to that amount, and levy annually a direct tax

sufficient to pay the interest on such bonds as it shall accrue and pay off and discharge the principal of such bonds within twenty years from issuance, in accordance with the provisions of an act of the general assembly of Illinois, entitled 'An act to provide payment of compensation to certain persons who served with the military or naval forces of the United States in the recent war with Germany'?"

Wanted at once—Sales-lady. Apply Floreth Co., East Side.

### IS CHOSEN JOLIET SCHOOL SYSTEM HEAD

#### H. A. PERRIN CALLED TO BIG CITY SUPERINTENDENCY

Action Taken At Meeting of the Board Monday Night—Call Is Unanimous and Jacksonville Man Is Chosen From Large Field of Possible Candidates.

JOLIET, Oct. 16—The Joliet board of education by unanimous vote tonight elected H. A. Perrin of Jacksonville, superintendent of schools. Mr. Perrin met with the board and it is understood that he will accept the position.

The Joliet school system is one of the largest in Illinois. About 6,000 pupils are enrolled in the schools and the teaching force numbers 230. The first year's salary will be \$5,500, with allowance for moving expenses. The superintendent was selected after a committee from the board had thoroly canvassed the situation and given consideration to the qualifications of possible candidates.

If Mr. Perrin takes the superintendency he will succeed Mr. Engleman who has been at the head of the school system for the past year and a half. Mr. Engleman left the Decatur schools for the Joliet schools and recently resigned in order to become the secretary of the National Educational Association, a position previously filled by Hugh Magill.

Mr. Perrin came to the Jacksonville schools from Lincoln seven years ago. His work had been of a high order there, a fact which influenced the Jacksonville board of education in selecting him for the superintendency of the local schools from a large list of applicants.

Under Mr. Perrin's leadership the Jacksonville schools have moved constantly forward and today hold high rank among the school systems of the state. The Jacksonville superintendent has been identified with various educational organizations and each year his interest in educational work has been indicated by study at Chicago University.

Members of the board of education have come to know Mr. Perrin not only as an educator but as a capable business man as well, and a large share of the burden of building the Jacksonville high school fell upon his shoulders. During his term of office there has been entire harmony between superintendent's office and the board of education and the school affairs have been handled with a thought single to advancement.

While Mr. Perrin has an agreement with the Jacksonville board to run thru the present year, following precedent in other cities the board will release the superintendent if he so desires. The salary paid here is \$4,000, and the Joliet salary offer is a considerable advance, with the opportunity for future increases.

The local board has recognized that some time or other Mr. Perrin would leave Jacksonville for a larger field. It has been common knowledge that several offers have been made, providing larger salaries than can be paid in Jacksonville, but other conditions not of a kind to attract the Jacksonville superintendent. With the Joliet instance it was a different matter, for the large school system affords opportunities for educational work which must challenge the interest of a man of Mr. Perrin's known ambition.

All bids were made on the basis of three inch coal. The other bids were as follows:

Otis Hoffman, jail, etc., \$6.27; county home, \$7.59.

George S. Rogerson, jail, etc., \$6.50; county home, \$7.

Lewis Clary company, jail, etc., \$6.65; county home, \$7.14.

Harrigan Brothers, jail, etc., \$6.64; county home, \$7.14.

Simon Fernandes & Son, jail, etc., \$6.75; county home, \$7.40.

The language of the liquor proposal is as follows:

"Shall the existing state and federal prohibitory laws be modified so as to permit the manufacture, sale and transportation of beer (containing less than 4 per cent by volume of alcohol) and light wines for home consumption?"

The soldiers' compensation question will be submitted in the following form:

"Shall the State of Illinois contract a debt of \$55,000,000 and issue bonds to that amount, and levy annually a direct tax

### CITY COUNCIL PAID HONOR TO ALD FLYNN

Resolution Spread on Records At Monday Night Session—House Moving Ordinance May be Amended.

At the session of city council Monday night a resolution presented by Aldermen Lonergan, Ehrle and Rowe, relative to the death of the late Alderman Thomas Flynn was adopted and made part of the records.

The session of the council was brief, only business of a routine character being given attention. Mayor Crabtree, City Clerk Scott and Aldermen Rowe, Sorrells, Harmon, Chapin, Lonergan, and McGinnis were present.

Street Commissioner White brought to the attention the ordinance relative to house moving. A portion of a house which is being moved along Mound avenue is obstructing traffic. It was the that of the council that the ordinance relative to the moving of buildings should be amended so as to reduce traffic obstructions to a minimum. This matter was referred to the ordinance committee.

The ordinance adopted relative to Alderman Flynn was as follows:

"Resolved, by the members of the city council of the City of Jacksonville, Ill., that we have most sincere regret because of the death of Thomas V. Flynn, a member of this council. Since his election nearly three years ago, Mr. Flynn has given unspuriously of his time for the betterment of Jacksonville. His knowledge of business and of men has been of value to us as his associates and we have recognized in him an official desiring to give efficient public service.

Alderman Flynn was a man of most generous impulses. He was genial by nature, a companionable man, and as members of this council we can bear witness to the fact he has been an efficient and zealous co-worker. His spirit was such that he readily conceded the rights of others and we have learned to admire his judgment and tact.

"In this time of sorrow we extend our most sincere sympathy to the members of his family.

"Resolved, that these resolutions be made a part of the city council records and that a page of those records be devoted to the memory of Alderman Flynn, an able public official, our co-worker and friend."

### AUTOMOBILE DAY WILL BE BIG EVENT

Promoters Think It Will Be Biggest Day in History of City—To Be Held October 31.

What promises to be the greatest trading day that has ever been staged in Jacksonville was arranged for at the meeting of the merchants and automobile dealers at the Chamber of Commerce headquarters yesterday morning. C. J. Buhler, president of the Commercial Division of the Chamber presided at the meeting.

It was decided at this meeting that the trade event to be held on October 31, be known as an Automobile Day rather than a Ford Day. The automobile dealers of the city will contribute one third of the expenses of staging the affair. The committees will begin their active work of soliciting the cooperation of all the merchants in the city this morning at nine o'clock.

They hope to gain the support of 100 merchants, each giving, in addition to a cash subscription of \$3, two articles of merchandise to be given away as prizes. This will make a total of 200 prizes to be given away at the affair. One hundred of these prizes will be given for the different automobiles competing in the events of the afternoon and the other one hundred will be given to the masqueraders competing in the Hallowe'en event of the evening. In addition to this there will be a sale similar to Dollar Day, held in all the leading stores of the city.

**Elaborate Decorations**

The square will be decorated in much the same manner as last year but on a much more elaborate scale. There will be band music in the afternoon and also during the evening and a street dance, with an orchestra furnishing music, will be staged immediately after the parade of masqueraders in the evening. The dance will be held about nine o'clock.

**The general committee** in charge of the event of October 31st has as chairman, Lloyd S. Reid and includes L. R. Randall, A. R. Taylor, H. A. Breeden, L. T. Hamilton, L. L. Horen, James Guyette, Henry Smith, Leo Johnson, and Herbert Smith. J. F. Claus is the chairman of the automobile committee and he will be assisted by W. S. Babb, W. J. Houston, E. W. Brown Jr., and J. G. Berger. The Hallowe'en committee is headed by Robert Birnbaum and includes Ed Tomlinson, Fred Hopper, Ben Owens, Ralph Withee, Thomas Cosgriff, Joe McGinnis and Elmer Henderson.

An especially interesting feature of the day will be a used car auction in which the public is cordially invited to participate. The committee will furnish an auctioneer and clerk free of charge and no fees will be attached to the selling of cars. A representative of the Commercial Investment company of Jacksonville will be present to help bidders finance their purchases. This auction will be held in the business district and no by-bidding will be permitted.

"In this time of sorrow we extend our most sincere sympathy to the members of his family.

"Resolved, that these resolutions be made a part of the city council records and that a page of those records be devoted to the memory of Alderman Flynn, an able public official, our co-worker and friend."

Dance, Basket Ball Hall, at Murrayville tonight.

Constant Itching Almost Unbearable!

We know that there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to

exist. We know that as blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you ever noticed the actual advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-tearing, unresuable itching, pimples, blisters and boils, then pack up and go with the tide of blood-cells, insects to roll in! Blood-cells are the fishing-glands of nature! S. S. S. builds them by the million! It has been doing it since 1880! S. S. S. is one of the greatest blood-cell builders known to mortals! When you put these facts together, then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes: "My husband has eczema and eczema. She began taking S. S. S. and is well now. I thank you very much. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Take your opportunity. S. S. S. contains only valuable medicinal ingredients. Because S. S. S. does build red-blood-cells, it relieves rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down, S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

"Thou shalt not lie."

The word prohibition is not used, but the commandments of Jonahab was a law of prohibition and brought the same results. These are a very few references of prohibition. The Old Bible is full of evils of anti prohibition.

Now for New Testament laws. One must study, rightly, dividing the "Word of Truth." When we see results, we must look for causes. A wise physician seeks the cause of illness. The cause of prohibition law is drunkenness. Why a law to protect the innocent from the effects of drunkenness?

A paragraph says: "Who does not know that the ultimate support on which all laws must rest is public opinion, and what is this but saying that law in order to be obeyed, and enforced must accord with the public standard of justice. "And from what does public opinion get its ideas of justice?"

Read Romans 3 chapter and 19th and 20th verses. Now we know that what sooner things that the law saith, it saith to them that are under the law. For by the law is the knowledge of sin. What shall I say than that the law is sin? God forbid. Nay I had not known sin but by the law. Romans, 7th chapter and 7th verse. Therefore we have a law of prohibition.

A public standard of justice needs to be taught by the law.

The law must come first—as a teacher. Who dares say "prohibition is a farce."

Look at results in last few years. Where are the wholesale distillers of a few years ago? Our government is no longer an aider and abettor of vice. But an upholder of a pure nourishing food law. Who forbids the making of a swill for human consumption. Simply to uphold a certain class of adults in having a special personal privilege. Because prohibition does not stop at once, all disobedience of this law is not truth that the law is a farce. The law "Thou shalt not kill," was made thousands of years ago. Who shall say "It is a farce." This law depends on public opinion also. Wherefore the law is holy and the commandment holy just as good. Romans 7 chapter, and 12th verse: "Moreover the law entered that the offense might abound." But were sin abundant, grace much more abundant. What shall we say then? Shall we

WHEAT, CORN AND  
OATS ADVANCE

By Associated Press.

CHICAGO, Oct. 16.—Alth-  
ough wheat, corn and oats today re-  
ached some top record prices for  
the season immense profit-taking  
led to downturns later. A deci-  
dual gain in wheat values at  
Liverpool was chiefly responsible  
for the strength shown by mar-  
kets here. Wheat in Chicago  
closed unsettled 3¢ net lower to a  
line advance with Dec. \$1.124 to  
\$1.123 and May \$1.124 to \$1.124.  
Corn finished 1¢ off to 3¢ up, oats  
down 1¢ to 3¢, and provisions  
varying from 1¢ decline to a rise  
of 2¢.

General buying sent wheat up  
quickly at the start, but the rise  
coming after recent other gains  
proved to be a great incentive  
to realize on holdings. Transpor-  
tation difficulties which tended  
to make speculative selling un-  
popular failed to have a like ef-  
fect on hedging and the pressure  
from realizing here was notice-  
ably increased thru actual selling  
from Winnipeg houses that were  
purchasing at home. Besides  
increases in the domestic and  
Canadian visible supply total  
served more or less to temper  
bullish sentiment.

European need of wheat as in-  
dicated by the Liverpool advance  
was currently estimated here as  
amounting to 250,000,000 bushels  
of wheat exclusive of a shortage  
of 100,000,000 bushels of rye. Sales  
to Europe today said to have been  
limited only by ability to get the  
grain in position to offer were  
figured at about 1,000,000 bushels.

Corn and oats were governed  
chiefly by the action of wheat.  
Leading interests reported that  
Germany was paying 99 cents a  
bushel for corn at Rotterdam, equal  
to 76 cents in Chicago.

Provisions excepting October  
lard showed sympathy with the  
firmness of hog values.

Mrs. Ida Daily of the United  
States Underwriters company is  
absent from this office for a few  
days, visiting friends in Paxton  
and Bloomington.

### INDIAN FETE OF D. A. R. BIG SUCCESS

Day Was Ideal for an Event and Everything Carried Out the Idea of a Camp of the Primitive Red Men — Music and Dancing Features.

"Injun Summer" with all its elusive charm of autumn hazes, sifting yellow sunlight, glowing campfires, and mysteries of October dusks, pervaded the lawn of the Gates Strawn home yesterday when it was the scene of the Indian fete given by the Reverend James Caldwell chapter of the daughters of the American Revolution. Nothing was lacking in the artistic and colorful setting for the fete, to make it unique and lovely in its completeness.

The hours of the affair were from 2 on the afternoon until 7 o'clock in the evening, and several hundred people were in attendance at the fete during the afternoon and evening. The guests were met by the regent of the chapter Mrs. Barr Brown and other ladies attired in the picturesque costumes of the Indian maiden, and from the beginning to end the affair had been planned to carry out the Indian atmosphere.

The lawn in the rear of the Strawn home presented a most appropriate setting for the fete, with its flaming autumn flowers, its golden and red trees and its green carpet strewn with fallen leaves. The open space in the center of the lawn was used as the stage where the different numbers of the program were presented. Around this circular space were the gay booths, Indian tepees, and bronze shocks of corn, Navajo rugs, Indian baskets and blankets, rich autumn fruits, and the picturesque costumes of the vendors gave a bizarre and brilliant note to the scene. As evening fell big camp fires added their touch to the "Injun Summer" setting. Fortune tellers and a "medicine man" had their wigwams pitched at the edge of the circle and practiced their arts of sooth-saying on the unsuspecting visitors.

The booth where cider, pumpkin pie, doughnuts and coffee were sold was in charge of Mrs. W. T. Wilson and she was assisted by Mrs. W. A. Bancroft. Miss Ethel Wylder and Mrs. J. Weir Elliott. Mrs. F. J. Waddell had charge of the pop corn booth and she was assisted by Miss Bell Palmer, Miss Frances Waddell and Miss Frances Strawn. At the Indian basket booth Miss Jeanette Russell was the chairman assisted by Mrs. E. P. Brockhouse as sub-chairman. Misses Helen Cleary, Bettie Lane, Mary Janette Ursula Brockhouse helped in selling the baskets.

Fresh fruits and all kinds of preserves and canned fruits were sold at another booth. Mrs. Carl E. Black and Mrs. David Reid were the chairmen of this booth and they were assisted by Mrs. M. Tindall, Mrs. Harry Capps, Mrs. Ellen Merrill, Mrs. Jules Strawn, Mrs. Ella Hembrough and Mrs. Clarence Buckingham.

Over an open fire weiners were roasted and fine "hot dog" sandwiches were served during the evening.

**Music and Dancing.**

Miss Ellie Trabue was the general chairman in charge of the whole fete. During the afternoon a program of music and dances was given. Mrs. Marguerite Forrest sang two songs by Cadman from the Indian Tribal melody group. "The White Dawn is Stealing," and "Far Off I Hear a Lover's Flute." Mrs. Thomas Harber gave a group of solos, including in her selection, "Evening," by Ronald, "Dusk" by Tennessee, and "Memory" by Rosaline Park. Mrs. Barr Brown sang "By the Water of Minnetonka" and "The Indian Serenade" by Lieurance, and "Fram the Land of the Sky Blue Waters" by Cadman. Mrs. Maude Botkin Strang played a group of violin numbers including "Serenade" by Toselli, and "Moto Perpetuo" by Bohm. Miss Catherine Wilson, Miss Margaret Tomlinson, and Mrs. Edgar Martin were the accompanists for the solos and the dancing.

A group of little girls under the direction of Miss Betty Palmer gave an interpretive Indian dance. The little dancers were dressed in the costumes of Indian girls and the personnel of the dancers, included Minna Margaret Adams, Margaret Caldwell, Bernice York, Helen Russell, Marion Frank, Amedea Woods, Emilie Conover, Margaret Smith, Jeanette Arisman, Barbara Dunlap, and Mildred Rose.

### On Estimate Based On "Value Received"

When you need an estimate on your electric wiring requirements for house, office, store or factory do you shop around for the cheapest price irrespective of quality, service or reputation?

Or do you send at once for a reputable contractor who, by long experience, knows his business, gives reliable advice and service, keeps his promises and guarantees his work? An estimate based on "value received" may be a little higher but it is the one you should accept.
